

Dear Parents,

Exciting News! In reading lab, 2nd graders will be starting a new reading project that will last the remainder of the year. We are starting the Book Club.

In this club, students check out chapter books from popular series, read them, and are tested on them (on a computer). If they pass the test with at least 70%, they receive a reward.

Those students completing at least 8 books will be invited to a special reading lab *ice cream party* at the end of the year!

Please help your child in achieving his/her goal, and watch for those books to come home—*each day*. We are on our way to becoming SUPER READERS!

Thank you for your continued support.
